

HOW THE TRUST HELPS

Conserving the past, Enriching the future

Working closely with other grant-making bodies, such as the National Churches Trust and the Dorset's Erskine Muton Trust Fund, we aim to award grant aid exceeding £110,000 pa. Our grants support essential weather-proofing of historic churches and chapels but also fund their modification to make them more widely usable by the communities which they serve.

Askerswell St Michael and All Angels	For further help with cost of installing a disabled lavatory and a ground floor servery	£5,000
